

PLANET HOLLYWOOD

GENERAL INFORMATION

Planet Hollywood London re-opened its doors this April after a major refurbishment, marking its tenth anniversary on the London scene. Sumptuous new upholstery and fittings throughout ensure comfort and style in the rejuvenated atmosphere of Planet Hollywood. Ideal for large or small groups, for either lunch or dinner, the venue benefits from a main restaurant and a variety of adjoining function rooms all themed differently, allowing guests to experience a range of genres from the world of movies. Any of the 3 rooms are available for private hire, or you may choose to hire the whole of Planet Hollywood exclusively. The new look Bar area now provides the perfect blend of nostalgia and futurism for the new century, with its black, silver and white décor. Be swept away by 'The Terminator' one of Planet Hollywood's speciality cocktails, which are all inspired by the movies.

Bond Room:

Enter the 'Bond' room through the barrel of a Walther PPK Revolver, as seen in the opening sequence of the classic 'Bond' movies. Be dined and entertained whilst surrounded by memorabilia from all 007's, Connery to Brosnan.

Horror Room:

Raised on a mezzanine level, overlooking the main floor, the eerie 'Horror' Room takes diners to the weird and wonderful world of the supernatural, with items and props on display from some of Hollywood's scariest movies. Come face to face with 'Aliens', whilst dodging the claw of 'Freddy Kruger', this room guarantees you a 'chilling' experience.

Legends Room:

The 'Legends' room starts Planet's journey of the blockbuster movies with the Golden Age of Hollywood. The black and white movie era is illustrated by the décor of the room, and with artifacts on display from 'legends' such as Marilyn Monroe and James Dean, guests can travel back in time and dine with celebrity idols.

GROUP BOOKINGS AND EXCLUSIVE EVENTS:

Planet Hollywood is ideally suited for parties for up to 500 guests, as well as private dinners. Exclusive use of different rooms is also available.
